## EXPERIENCE

### AVYAANYATECH PVT. LTD

Android Developer (On Site + Remote)

DEC 1, 2023 - JULY 1, 2024

I completed an on-site Android development internship in Delhi, where I built Java-powered B2B Android apps, including a second-hand car dealing app, a paint company's app, and an office management app. I gained experience in responsive UIs, API integration, and payment gateways. After three months, I transitioned to remote work to manage academic commitments, further enhancing my problem-solving skills and Android development expertise.

## EDUCATION

### BRAINWARE UNIVERSITY

B. TECH CSE - AIML 2021-2025

Avg. SGPA (till 6 semester) : 8.76

## SKILLS

### KHANNA HIGH SCHOOL (H.S)

INTERMEDIATE , Pure Science 2021

WBCHSE, Marks : 69%

- Java
- Javascript, Node, Express
- HTML, CSS
- MongoDB
- SQL
- AWS S3 & EC2
- Figma (UI/UX)
- DSA

## PROJECTS

- [Check out my portfolio website](#)
- [FusionPDF](#) - Developed a PDF merger app enabling seamless combination of multiple PDFs into a single document with user-friendly interface.
- [WhatsAppExtend](#) - An Android application that helps users avoid the need to save a contact in order to add them on WhatsApp.

## EXTRA CURRICULAR

- Worked as an UI/UX designer for eastern India's largest hackathon community - HACK4BENGAL
- Workshop on basic HTML, CSS and Javascript
- Industrial visit at Webskitters.
- Participated in many extracurricular activities organized in our college.
